WARNING TO SKIERS AND SNOWBOARDERS:

Downhill skiing and snowboarding, like many other sports, contains inherent risks including, but not limited to the risk of personal injury, death, or property damage. This may be caused by variations in terrain or weather conditions, surface or subsurface snow, ice, bare spots or areas of thin cover, moguls, ruts, bumps, or other persons using the facilities. Other factors may include, forest growth, rocks, debris, branches, trees, roots, stumps, or other natural objects, or man made objects, that are incidental to the provision or maintenance of a ski facility in New York State. New York law imposes a duty on you to become knowledgeable of and understand the risks inherent in the sport of skiing and snowboarding, which are set forth above, so that you make an informed decision of whether to participate in skiing or snowboarding notwithstanding the risks. New York also imposes additional duties upon you, to which you must adhere, for the purpose of avoiding injury caused by any of the risks inherent in skiing and snowboarding. If you are not willing to assume all of these risks and abide by these duties, you must not participate in skiing or snowboarding at this area.

I have read and understand the "WARNING TO SKIERS AND SNOWBOARDERS" and agree to abide by article 18 of the New York State General Obligation Law. If under 18 years of age parent, or guardian signature required.
